🎯 Career Objective

Motivated and detail-oriented **Full Stack Developer (Learning Phase)** with strong frontend skills and growing backend expertise. Skilled in creating clean, responsive, and user-friendly web interfaces using modern technologies. Seeking opportunities to apply my technical abilities and creativity to real-world software projects that make a positive impact.

💻 Technical Skills

Frontend: HTML5, CSS3, JavaScript (ES6+), TailwindCSS
Backend: Python (Flask), Node.js (Learning)
Databases: SQLite, Firebase (Basic)
Tools & Platforms: Git, GitHub, VS Code, Render, Netlify
Other Skills: Responsive Design, REST APIs, UI/UX, Debugging, Version Control

---

💼 Professional Experience

Frontend Developer Intern — Unified Mentor
📅 **Aug 2025 – Sep 2025 | Remote**

- Developed responsive and accessible frontend layouts using HTML, CSS, and JavaScript.

- Improved page performance by optimizing CSS and reusable components.

- Collaborated with senior developers on UI enhancements and cross-browser compatibility.

- Gained hands-on experience in modern design patterns and real-world web deployment.

🚀 Projects

🧠 **Rudra Virtual AI Assistant** — *Flask, ElevenLabs, OpenAI API*
Developed an AI-powered virtual assistant with real-time text-to-speech, voice recognition, and interactive chat history.

🍽 **MealMatrix (Catering Reservation System)** — *HTML, CSS, JS, Flask*
Designed and deployed a catering management website with meal booking and order tracking features.

🛒 **ShopMatrix (E-Commerce Dashboard)** — *HTML, CSS, JS*
Created a simple, responsive product management system for online store analytics.

🎮 **MindArena Quiz App** — *HTML, CSS, JS*
Built an interactive quiz app with score tracking, timer, and result summary.

🌌 **Portfolio Website** — *HTML, CSS, JS, TailwindCSS*
Developed a personal portfolio to showcase projects, resume, and contact details with a galaxy-themed UI.
