

KRISHNA PANDEY

Frontend Developer | Junior Full Stack Developer

krishpandey1866@gmail.com | +91-6263593935 | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

MCA graduate with hands-on experience building responsive web applications through an internship at Unified Mentor Pvt. Ltd. Comfortable working with React.js, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Node.js, Express.js, MongoDB, and REST APIs. Familiar with Git-based workflows and component-based development. Looking for a Frontend or Junior Full Stack Developer role where I can contribute, learn, and grow.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript (ES6+), React.js, Next.js, Tailwind CSS, Bootstrap, Responsive Web Design
Backend: Node.js, Express.js, REST API Integration
Databases: MongoDB, MySQL (basic)
Tools: Git, GitHub, VS Code, Postman, NPM
Other: Firebase, AJAX, Basic SQL queries

INTERNSHIP EXPERIENCE

Unified Mentor Pvt. Ltd.
Frontend Developer Intern

Aug 2025 – Jun 2026
Remote

- Built responsive web pages using HTML5, CSS3, JavaScript, and React.js, ensuring the UI worked correctly across browsers and screen sizes.
- Converted UI designs and wireframes into React components, keeping code modular and reusable.
- Integrated REST APIs to fetch and display data dynamically on the frontend.
- Used Git and GitHub for version control, including branching, committing, and raising pull requests.
- Participated in debugging and testing sessions to fix UI bugs and improve page load performance.

PROJECTS

Rudra Virtual AI Assistant

Next.js | React.js | Tailwind CSS | SQL

- Built a web application that allows users to interact with an AI assistant through a chat-style interface.
- Implemented user authentication and connected the frontend to a SQL-based database for storing user data.
- Designed and built responsive UI components using Next.js and Tailwind CSS.
- Consumed external APIs to handle AI responses and manage real-time data display.

Asti Changa – Online Board Game

React.js | JavaScript | Node.js

- Developed an online version of a traditional Indian board game with an interactive UI built in React.js.

- Managed game state using React hooks and implemented client-side routing for different game screens.
- Ensured the game was playable on both desktop and mobile devices through responsive layout adjustments.

MealMatrix – Catering Management System

Node.js | Firebase | JavaScript

- Built backend CRUD operations using Node.js and Express.js to manage catering orders and user data.
- Used Firebase for user authentication and real-time data storage.
- Structured the project with modular code to keep the codebase easy to maintain and extend.

Other Projects: EIET College Website (responsive multi-page site) | ShopMatrix Dashboard (product listing and basic analytics) | MindArena Quiz App (JavaScript quiz application)

EDUCATION

Master of Computer Applications (MCA)

Bansal Institute of Science and Technology, Bhopal

2023 – 2025

CGPA: 7.22 / 10

Bachelor of Computer Applications (BCA)

Chhindwara University

2021 – 2023

62.37%

CERTIFICATIONS

- AWS APAC Solutions Architecture Job Simulation – Forage
- Accenture Developer & Technology Virtual Program – Forage
- Java and Spring Boot Training – Tudip Learning
- Diploma in Computer Applications (DCA)
